Announcement of the certification of
Adequate producers of aqua-cultured bluefin tuna for Nagasaki codes and standards

As announced about the first shipment of “Kiwami-Ichiban”, Hirado Hon-Maguro (Bluefin Tuna) under the date of September, 24, 2013, our company is considering the aqua-culture of bluefin tuna as one of the most important challenges to be addressed for future growth of our businesses.

And, we gladly announce that our subsidiary, Nagasaki Farm Co., Ltd. has been certified as one of 13 companies of “Adequate producers of aqua-cultured bluefin tuna for Nagasaki codes and standards” which are the producing companies of high quality bluefin tuna in the Prefecture.

The certification system of “Adequate producers of aqua-cultured bluefin tuna for Nagasaki codes and standards” is the system certified by Nagasaki Prefecture, which is the No. 2 bluefin tuna producing place in the nation. This system is that among the “adequate aqua-culture companies” who produce the safe aqua-cultured fishes with clear producing record, the prefecture selects the aqua-culture companies having more adequate shipping preference and thorough management of aqua farm according to more strict codes and standards.

Nagasaki Farm Co., Ltd. is the only aqua-culture company certified at Hirado City area.

By this certification, Nagasaki Farm Co., Ltd can label certification seals to Bluefin tuna bigger than 45Kg and ship them to the market as Nagasaki producing brand.

And, so, our company will put more effort to lives up to the name of the certified company and to produce delicious bluefin tuna.
